Charlotte, NC | US Citizen

EDUCATION

University of North Carolina Charlotte

Expected Graduation, May 2027

B.S. in Computer Science

- o **Concentrations:** Software Engineering
- o **Related Coursework:** Computer Science I, Computer Science II, Data Structures & Algorithms, Software Engineering, Introduction to Computer Systems, Web-Based Application Design & Development, Database Design and Implementation, Computers and Their Impact on Society.

PROJECTS

Weather Forecast Web App

May 2025

Personal Project

- Developed a responsive weather application using HTML, CSS, and JavaScript with real-time API integration for live weather data.
- Implemented user input for city searches, dynamic background visuals, and current condition updates to enhance interactivity and user engagement.

Django Blog Web App

Apr 2025

Personal Project

- Followed and implemented a full Django project tutorial to build a blog-style web application with full CRUD functionality.
- Integrated Bootstrap for styling and Django's templating system for dynamic page rendering; deployed locally for testing and development.

SharePoint Website for CPCC Human Resources

Sep 2024 – Dec 2024

Build and design

- Designed and implemented a SharePoint site to support HR operations, enhancing file accessibility and departmental collaboration.
- Tested and optimized the HR SharePoint website to improve performance and user experience.

Personal Portfolio & Web Design Course Site

Jan-May 2025

Personal Project

- Developed and deployed a multi-page personal website as part of a web design course using GitHub Pages.
- Built using semantic HTML, modern CSS, and JavaScript to demonstrate strong front-end fundamentals.
- Applied responsive design principles to ensure usability across desktop and mobile platforms.
- Showcased assignments, projects, and personal branding through clean UI and accessible navigation.

EXPERIENCE

Central Piedmont Community College – Human Resources Department

Charlotte, North Carolina

Human Resources Assistant

Jul 2024 – Dec 2024

- Greeted visitors, answered inquiries, and directed customers to appropriate staff, providing professional and courteous service.
- Organized and maintained employee files and documents, ensuring accuracy and confidentiality.
- Managed phone inquiries, efficiently routing calls to appropriate staff and departments.
- Processed employee identification verification by making and delivering copies of IDs, passports, and social security documents for compliance with hiring protocols.
- Verified employee identification by copying and delivering required documents to the Talent Acquisition team.
